Pain & Inflammation free life*

# Paramat-SP

Aceclofenac, Paracetamol & Serratiopeptidase Tablets

## **Aceclofenac :**

- Possessed high bioavailability of 100 %.
- Exhibits superior GI tolerability compared to diclofenac.

## **Paracetamol :**

- Well tolerated with no adverse gastrointestinal effects.
- Powerful analgesic and antipyretic.
- Valuable central analgesia.

## **Serratiopeptidase :**

- Ensures rapid wound healing / oedema.
- Being proteolytic enzyme it dissolves haematoma easily.

◆ Sports Injuries

◆ Spinal Spondylitis

◆ Musculo Spondylitis

◆ Post Operative Spasm

The **Symptoms of Allergy** Can affect patient, No matter what time of year

# Levommat-M

Levocetirizine Hydrochloride + Montelukast Tablets

**The Powerful Manager in Conventional Allergies**

## LEVOCETIRIZINE

- **Gold Standard Anti-leukotriene**
- Inhibits Leukotrienes and H1 Receptors
- Reduces Bronchoconstriction and airway obstruction

## MONTELUKAST

- **Time Tested Anti-Allergic**
- Selective, long acting peripheral H1 receptor antagonist
- Relieves from distressing symptoms

In

SEASONAL ALLERGIC RHINITIS  
PERENNIAL ALLERGIC RHINITIS  
RHINITIS ASSOCIATED WITH ASTHMA

**Multimat-L** your trusted one....! for all age group

- Overall wellbeing
- Vitality and Energy
- Immunity booster
- Promotes growth
- Vital supplement for metabolic functions
- Promotes smooth & better digestion.
- Helps to gain weight
- Brings charm & removes fatigue
- For all age group.

# Multimat-L

**Multivitamin & Multiminerals with L-Lysine Syrup**

## **Multivitamin**

*Promotes the well functioning of body.  
Help to build strong immune system.*

## **Multiminerals**

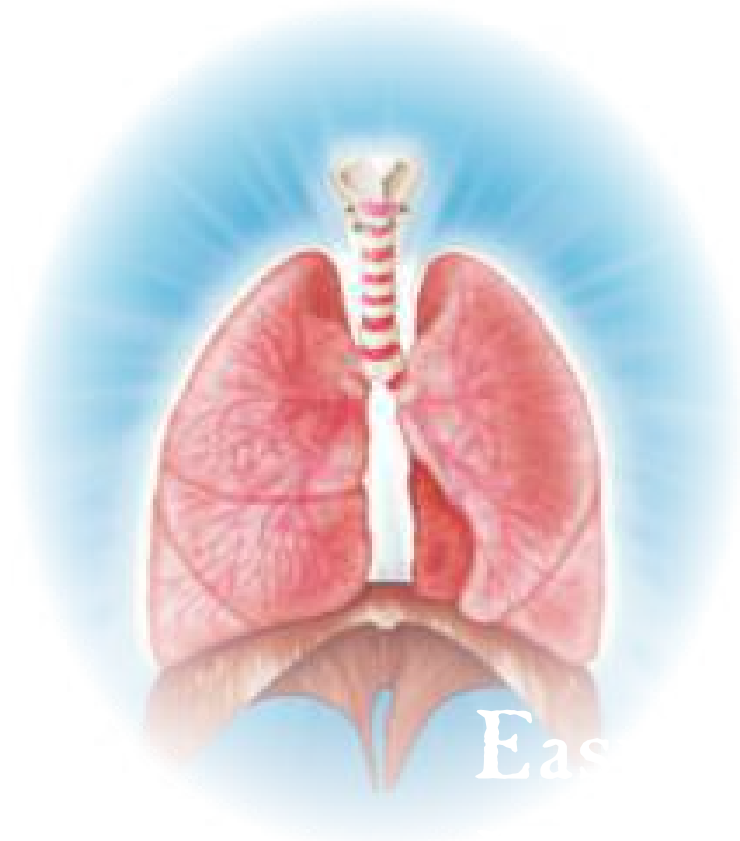

*Supports the overall growth the body.  
Support the function & structure of cell.  
Cause the activation of enzymes.  
Supports the immune system.*

## **L-Lysine**

*Helps in attaining optimum development.  
Helps in production of hormones,  
enzymes and antibodies*

Relieves Cough & Congestion... Without Sedation

# Mat-DX

Dextromethorphan Hydrobromide 10mg+Phenylephrine Hcl 5mg + Chlorpheniramine Maleate 2mg **Syrup**

## **Dextromethorphan**

- Offers effective anti-tussive
- Devoid of constipating & addicting action

## **Phenylephrine HCl**

- Relieves nasal & sinus congestion
- Exerts No “after congestion” or cardiac manifestation
- Offers effective analgesic action.

## **Chlorpheniramine Maleate**

- Controls allergic symptoms like sneezing & mucus secretion

### *Indications :*

- **Common Cold**
- **Allergic Cough**
- **Nasal Congestion**
- **Smoker's Cough**

**Pain  
Reliever**

**Fever  
Reducer**

*Significant antipyretic effect &  
well tolerated*

# **IP-Mat**

**Ibuprofen & Paracetamol Suspension**

**Combination is better at  
reducing Fever than Paracetamol alone**

- Ibuprofen is non steroidal anti-inflammatory drug (NSAID)
- Fast pain relief
- It works in fever, headache, toothache, backpain, arthritis, joint pain.
- Blocks the production of chemicals in the bloodstream that cause inflammation and pain.
- Paracetamol selectively inhibited the enzyme cox-3 that is found in brain & spinal cord.
- It works to reduce pain & fever.
- Paracetamol work as anti inflammatory, Antipyretic as well as an analgesic.
- Effective control on pain & fever.

**Ctri-MAT**

# Ctri-MAT

SYRUP

*Cyproheptadine + Tricholine Citrate & Sorbitol Syrup*

**Cyproheptadine**  
**Tones up the entire digestive system**  
Increases appetite  
Promotes weight gain  
Controls intestinal manifestations

**Tricholine Citrate**  
Provides Synergistic action  
Stimulates peristaltic movements  
Effective hepato-protective action

**Indigestion**

**Sluggish Peristalsis**

Additional  
antihistamic  
activity has been  
seen with  
Cyproheptadine

**FOLLOW TASTES OF LIFE**

**Ctri-MAT**  
SYRUP

**Prescribe the Primary Colors of  
Skeletal Health**

# Calbar-D3

Calcium, Vitamin D3 & Vitamin B12 Suspension

*Most Absorbable Calcium*

**In:**

- ◆ **Pregnancy & Lactation**
- ◆ **Growing Age**
- ◆ **Osteoporosis**
- ◆ **Old Age**
- ◆ **Fractures**
- ◆ **Bone Pain**

- Excellent Therapy in Chronic kidney disease in long term hemoglobin patients
- Easy and cost-effective therapeutic measure
- Allows reduction of Vitamins D deficiency
- Extends better control of minerals metabolism
- Improves cardiac disinfection

**Drain Clearing**  
**Fast ! Easy !**

# Lactamat

Lactulose Solution USP

## **Clear the Blockages....**

- A colonic acidifier that works by increasing stool water content and softening the stool.
- Best Laxative.
- Synthetic disaccharide in solution.
- Helps to increase the number of bowel movements per day and the number of days you have a bowel movement.

## **Used to treat**

- Constipation (Chronic & Habitual)
- Prevent complications of liver disease (Hepatic encephalopathy).

# Proantacid

Dried Aluminium Hydroxide Gel  
Magnesium Hydroxide & Simethicone Suspension

For the  
relief of symptoms  
associated with  
**Acid, Indigestion**  
&  
**Dyspepsia**

## **Magnesium Hydroxide**

- Antacid that neutralizes stomach acid by reducing the pH the stomach and increase intestinal movement.

## **Dried Aluminium Hydroxide Gel**

- Neutralizes and reduces stomach acid relieving heartburn and indigestion.

## **Simethicone**

- Intended to relief flatulence.
- Increase the efficacy of antacid in the treatment of reflux oesophagitis

**In:**

**Heartburn**

**Hyper Acidity**

**Gastritis**

**Adjuvant to NSAID  
& Antibiotics**

***Tasty way to End Acidity***

# MEGAMAT

Megaldrate & Simethicone Oral Suspension

## **MAGALDRATE**

- Ability to adhere to stomach wall  
Slow gastric emptying provides high neutralizing and
- cytoprotective effect

## **SIMETHICONE**

- Reduces surface tension of air bubbles, thereby leading to their disruption
- Prevents formation of gas in GI

*Iron Deficiency is Very Common Problem During Pregnancy, Lactation....*

# **Irofovit** SYRUP

Iron Folic Acid, Vitamin B12 and Minerals Syrup

## **Iron**

- ◆ Well Accepted form of Iron
- ◆ Excellent increase in Hb values
- ◆ High safety margins

## **Folic Acid**

- ◆ Essential erythropoietic factor
- ◆ Plays a key role in maturation of RBC's

## **Vitamin B12**

- ◆ Prevents Macrocytic Anaemia

## **Minerals**

- ◆ Boosts the immune systems.

● **During Pregnancy**

● **Lactation**

● **Iron Deficiency Anaemia**

● **General Weakness**

*Also for  
Growing Children*

*Ensures Healthy Level of* **Haemoglobin**

# For Severe **Heart Burn**

**GERD**

(Gastroesophageal Reflux Disease)

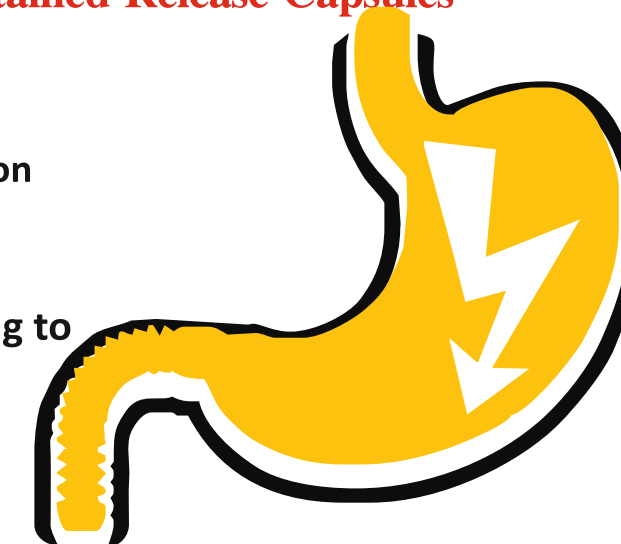

# PD-MAT

Pantoprazole Sodium 40 mg + Domperidone 30 mg.  
Sustained Release Capsules

## Pantoprazole

- Possesses longer duration of acid inhibiti<sup>on</sup>
- Prevents heart burn for 24 hours
- Exhibits convenient dosage remain leading to high patient compliance
- Exhibits no interaction with antacids

## Domperidone

- Possesses prokinetic and antiemetic effects
- Increases the duration of antral and duodenal contractions to increase the gastric emptying

# PD-MAT

Pantoprazole Sodium 40mg + Domperidone 30mg Capsules

**Quenches Raging GERD**

# Option for the Right Therapy in Gastroesophageal Reflux Disease

# RD-MAT

Rabeprazole 20 mg + Domperidone 30 mg  
(Sustained Release) Capsules

- Significant and remarkable improvement in symptoms of GERD
- 94% Patients rated 'excellent or good' relief as assessed by their physician
- Improve the quality of life of patients
- Very well tolerated by patients

In

Nausea associated with:

- Hyper acidity
- GERD
- Peptic Ulcers
- Zollinger - Ellison Syndrome

... The Right Option for Various Acid Peptic Conditions

# Diclomat-L Gel

Diclofenac Diethylamine, Linseed Oil, Menthol,  
Methyl Salicylate capsaicin Gel

## DICLOFENAC

- ▶ Relieves Pain & Inflammation, inhibits the Biosynthesis of Prostaglandin which causes Inflammation and Pain

## LINSEED OIL

- ▶ Helps in Reducing Inflammation

## METHYL SALICYLATE

- ▶ Provides counter-irritant action

## MENTHOL

- ▶ Provides Cooling Action

Low Back Pain

Sprains & Strains

Joint Pain

Arthritis

Spondylitis

Muscular Pain

*Beat muscle pain & sprain*

**Quick Relief** in mixed infections

# OFLOBETA-PLUS

Ofloxacin, Ornidazole,  
Itraconazole & Clobetasol Cream

## **ITRACONAZOLE :**

- Used to treat certain type of Antifungal infections (eg. fingernail, toenail), it works stopping the growth of fungus.
- As a 1% cream it is used for superficial skin infections such as jock itch, athlete's foot (Tinea Pedis) & other types of ring worm.

## **OFLOXACIN & ORNIDAZOLE**

- Ofloxacin belongs to a class of drugs called quinolone Antibiotics, it works by stopping the growth of bacteria.
- Ornidazole is a nitroimidazole which is an Antibacterial and Antiprotozoal drug.

## **CLOBETASOL**

- It is a corticosteroid used to treat various skin disorders including Eczema & Psoriasis.
- It is also used to treat several auto-immune disorders including Vitiligo, Lichen Planus & Alopecia Areata.

## **Indications :**

**Antifungal**

**Anti-Inflammatory**

**Antibacterial**

# In Emergencies & Critical Infections

# CEMAT

**500**  
**1000**  
**injections**

**Ceftriaxone 500mg/1000mg**

- Broad spectrum of coverage against gram positive, gram negative & resistant bacteria
- Excellent cure rates against difficult to kill Pseudomonas sps
- Significant therapeutic role in management of pneumonia infection
- Rapid clinical response
- Well tolerated when given in combination
- Short course of treatment
- No serious adverse drug reactions

*Respiratory Tract Infections*

*Urinary Tract Infections*

*Intra Abdominal Infections*

*Skin & Soft Tissue Infections*

*Bone & Joint Infections*

*Pelvic Inflammartory Infections*

**Start With Cemat..... Stay With Cemat**

The leading Cephalosporin with unmatched stability to Beta-lactamases

# CEMAT-S

Ceftriaxone 1000 mg & Sulbactam 500 mg for Injection

- ◆ Broad spectrum of coverage against gram-positive, gram-negative & resistant bacteria.
- ◆ Excellent cure rates against difficult to kill *Pseudomonas* sps
- ◆ Significant therapeutic role management for pneumonia infection
- ◆ Rapid Clinical response
- ◆ Well tolerated when given in combination<sub>2</sub>
- ◆ Short course of treatment<sub>2</sub>
- ◆ No serious adverse drug reactions<sub>2</sub>

1. Clin Microbiol Infect. 2007; 13:33-39

2. International journal of drug Development & Research Jan-March 2010 Vol.2

- ◆ Typhoid Fever
- ◆ Septicemia
- ◆ Pneumonia
- ◆ Meningitis
- ◆ Bacteremia
- ◆ UTIs

Resists infections with perfection

# CETAMMAT

Cefoperazone and Sulbactam for Injection 1.5 gm

## Cefoperazone :

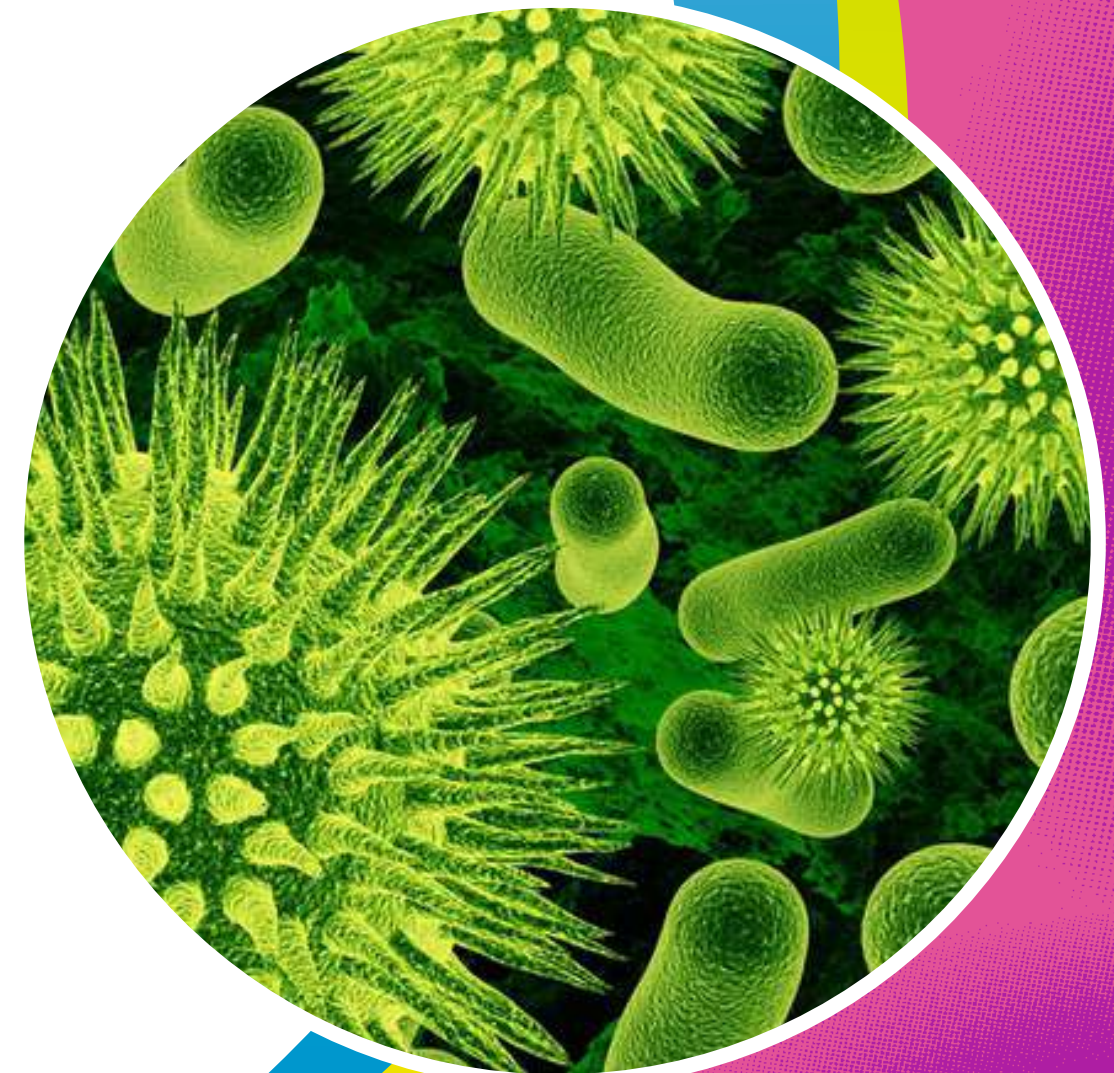

A bacterial antibiotic, inhibits bacterial cell wall synthesis of actively dividing cells by binding to one or more penicillin binding proteins (PBPs)

## Sulbactam :

Is a B-lactamase inhibitor & acts primarily by irreversible inactivation of B-lactamase

## Indication

- \* Skin & Soft tissue infections
- \* Uncomplicated gonorrhoea
- \* Pelvic inflammatory disease
- \* Bacterial septicemia & Meningitis
- \* Intra abdominal infections
- \* Gynaecological infections
- \* Urinary tract infections
- \* Bone & joint infections

**Works Even Where Other Antibacterial Fails...**

Bacterial resistance ???

**NO PROBLEM...**

# Cinmat

100

250

500

Amikacin Sulphate Injection IP 100/250/500 mg

*Is an aminoglycoside that is very useful for the treatment of multi-drug resistant gram (-)ve infections.*

*Is highly resistant to bacterial degradation.*

*Is an important group of antimicrobials used for severe sepsis.*

Eur Rev Med Pharmacol Sci. 2013 Feb;17(3):283-91

*Inhibits bacterial protein synthesis leading to cell death.*

## INDICATIONS

- Bacterial septicemia ■ Meningitis ■ Peritonitis ■ Burns**
- Post operative infections ■ Infections of CNS ■ Serious RTI's**
- Skin & soft tissue infections**
- Urinary tract infections**

*Hardened and Toughened*
